

## COVID 19 Addendum

This addendum is to be used in conjunction with and alongside our full Behaviour Policy. The rationale behind its creation is to ensure that the children and staff at St John Bosco School act in a manner that fully supports the very necessary safety measures that have been put in place during the Covid-19 pandemic and national crisis.

Some behaviour concerns referred to in this addendum may have previously been deemed less serious, however; if an action now results in the potential compromising of a person's ability to socially distance and stay safe it will now be treated in a more serious manner.

This addendum also applies to children with Special Educational Needs, whose specific needs may result in them finding it more difficult to socially distance or self-regulate. Staff will adhere to social distancing guidelines and will not use any form of physical restraint using Team Teach training, soothing or reassurance for example, hugs or children sitting on laps.

Due to social distancing, we will be unable to complete the following actions:

- Reprimand in private.
- Hold restorative conversations in private
- Repair in private.
- Send a child for time out / brain break
- Hold face to face conversations with parents without a prior appointment.

Linked to the above, the actions we will take are as follows:

- Staff reminder of appropriate expectations given and scripts used.
- Hold restorative conversations as privately as possible without putting children and staff at risk.
- Repair as privately as possible without putting children and staff at risk.
- Children will be asked to stand separately outside instead of going to reflection at breaktimes, lunchtime reflection will take place inside.
- Children are rewarded through verbal positive praise.

Please note these are in addition to our usual expectations for behaviour outlined in the main body of the behaviour policy.
