

Parent update 4.1.21 9pm

Dear Parents and Carers,

What an inevitable and sad announcement.

Following this evening's direction from the government school will be closed tomorrow for all classes until further notice.

Remote learning will be provided by the end of tomorrow – details about this will be sent out via email.

School will provide places for key worker's and vulnerable children. Breakfast club and afterschool will continue to be available for these families.

If you are a keyworker and you have not yet made us aware that you require a place for your child, please ask your employer to write a letter (a template format is on the parent update page) and email it to school at contact@st-johnbosco.manchester.sch.uk

There will be provision for those families on free school meals, I will confirm the details of this as soon as I can.

With love and prayers,

Mrs Johnson
